Independent Auditor's Report

To the Board of Directors of Any Baby Can of Austin, Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Any Baby Can of Austin, Inc. (the Organization), which comprise the statements of financial position as of August 31, 2023 and 2022, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Organization as of August 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are issued, or when applicable, one year after the date that the financial statements are available to be issued.

The Board of Directors of Any Baby Can of Austin, Inc.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion
 is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Organization's basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for federal awards (Uniform Guidance) and the State of Texas Grant Management Standards, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Board of Directors of Any Baby Can of Austin, Inc.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 17, 2024 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization's internal control over financial reporting and compliance.

Notes to Financial Statements

Note 1. Organization

Organization

Any Baby Can of Austin, Inc. (Any Baby Can or the Organization) is a Central Texas nonprofit that partners with families to overcome obstacles and achieve well-being. With programs that meet clients where they are - at home, work, or school – Any Baby Can helps build stability, develop skills, and navigate systems, so children and families reach their full potential. While services vary from child development and case management to mental health and prenatal care, they're all focused on strengthening families.

In 1979, CEDEN (Center for Development, Education and Nutrition) Family Resource Center was founded to provide comprehensive services to families in need of prenatal, early childhood, and parenting education. In 1992, Any Baby Can of Austin, Inc. began serving the community after a Texas Department of State Health Services needs assessment determined that a significant population of children with special needs resided in the area. On April 1, 2000, CEDEN Family Resource Center and Any Baby Can of Austin, Inc. merged.

In 2003, the Candlelighters Childhood Cancer Foundation of the Austin Area became part of Any Baby Can, and in 2008 Children's Hearing Aid Texas, also merged into Any Baby Can, consolidating a variety of family services and making it easier for children and parents to get the support they need.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The Organization's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). For financial statement purposes, the Organization reports information regarding its financial position and activities according to two classes of net assets; net assets with donor restrictions and net assets without donor restrictions.

Net Asset Classifications

The Organization classifies its net assets into two categories as follows:

<u>Net Assets With Donor Restrictions</u>: Net assets subject to donor-imposed stipulations that they may be maintained permanently by the Organization or may be fulfilled by actions of the Organization pursuant to those stipulations or that expire by the passage of time. When a restriction is satisfied, Net Assets with Donor Restrictions are reclassified to Net Assets without Donor Restrictions.

<u>Net Assets Without Donor Restrictions</u>: Net assets that are not subject to donor-imposed stipulations. Net Assets without Donor Restrictions may be used for any purpose or designated for specific purposes by action of the Board of Directors.

Financial Accounting Standards Board (FASB) issued FASB Accounting Standards Codification (ASC) Topic 958-205, which provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). ASC Topic 958-205 provides for disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

Notes to Financial Statements

The state of Texas adopted UPMIFA effective September 2007. The Organization has determined that the majority of its net assets do not meet the definition of endowments under UPMIFA. While not UPMIFA-defined endowments, the Organization intends many of its funds to be permanent and manages them accordingly. Further references to "endowment", "endowment fund", or "endowed assets" in these notes relate to those intentions of the Organization.

Cash and Cash Equivalents

For purposes of the statement of cash flows, cash and cash equivalents consist of cash held in bank deposit accounts and short-term, highly liquid investments with purchased maturities of 90 days or less.

Contributions, Grants, and Other Support

Contributions and grants received (including unconditional promises to give, Pledges) are recorded as revenue without donor restrictions or with donor restrictions in the period received depending on the existence and/or nature of any donor restrictions. Conditional contributions and grants are recognized as revenue when the conditions upon which they depend are substantially met. Promises to give are recognized as revenue only if sufficient evidence exists in the form of verifiable documentation that a promise was made and received, and any conditions to receive have been met.

For government grants in which the restriction is met in the same period that the revenue is recognized, the Organization has elected to recognize as a net asset without donor restrictions. All other revenue and support is reported as restricted if the support is received with donor stipulations that limit the use of donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Support that is not restricted by the donor is reported as an increase in net assets without donor restrictions in the reporting period in which the support is recognized. Donated assets are recorded at their estimated fair values at the date of receipt.

Pledges and grants with maturity dates due within 12 months are recorded at net realizable value, while pledges with maturity dates in subsequent years are recorded at the present value of their net realizable value using an appropriate discount rate.

Medical Billing Revenue

Medical billing revenue is generated by billing clients' insurance providers for the services provided by the Organization through the Early Childhood Intervention (ECI) program, Medical Case Management programs, and No Estás Solo mental health counseling program. Revenue is received from Medicaid, private insurance, CHIP, Tricare, and also through billing clients' family cost share. Due to the uncertain nature of the amounts that will be reimbursed to the Organization after deductions, deductibles, etc., this revenue is recorded when payment is received, and any payments for services rendered in the current fiscal year received in September and October, subsequent to year-end, are accrued as current year revenue. Medical billing is considered an exchange revenue transaction and recorded as revenue without donor restrictions.

Notes to Financial Statements

Allowance for Doubtful Accounts

Governmental grants included in receivables are individually analyzed for purposes of determining collectability at year-end, and an allowance was not deemed necessary at August 31, 2023 or 2022. The Organization evaluates the collectability of its pledges and adequacy of its allowance for doubtful accounts on a periodic basis. The evaluation includes historical loss experience, length of time the pledges are past due, and adverse situations that may affect the donor's ability to honor its pledge. The Organization records and adjusts its allowance for doubtful accounts as necessary.

Contributed Services and Assets

During the years ended August 31, 2023 and 2022, the value of contributed services meeting the requirements for recognition in the financial statements was not material and no amounts have been recorded. Although individuals volunteer their time and perform a variety of tasks that assist the Organization, these services do not meet the criteria for recognition as contributed services. Contributed assets are recorded at their estimated fair value on the date of donation. The Organization received in-kind contributions for the years ended August 31, 2023 and 2022 of \$77,364 and \$84,292, respectively.

The Organization reports contributions of land, buildings, and equipment as unrestricted, unless explicit donor stipulations specify how the donated assets must be used. Gifts of assets with explicit restrictions that specify how the assets are to be used are accounted for as restricted support. The Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Property and Equipment

Property and equipment purchased for or exceeding \$2,500 are recorded at cost. Property and equipment are depreciated using the straight-line method over the useful lives of the assets as follows:

Buildings and improvements	5 - 37 years
Furniture and equipment	3 - 5 years
Vehicles	3 - 5 years

Investments

The Organization's investments in equity securities with readily determinable fair value and all debt securities are reported at their fair value. Unrealized gains and losses arising from changes in the fair value of investments are reported in the statement of activities as increases or decreases in net assets without donor restrictions unless their use is restricted by donors for a specified purpose or future period.

The value of beneficial interests held by others is based on the value of the Organization's proportional share of the overall assets held by the trustee. Investment income and unrealized gains and losses from beneficial interests are reported as net assets with donor restrictions until appropriated for expenditure. Alternatively, distributions made from the trustee to the Organization are reported as increases to net assets without donor restrictions and are available for use in normal operations.

Notes to Financial Statements

Income Taxes

The Organization is exempt from federal income tax under the Internal Revenue Code Section 501(c)(3) for income related to its exempt purpose. The Organization is classified by the Internal Revenue Service as an organization other than a private foundation.

The Organization recognizes in its financial statements the financial effect of a tax position, if that position is more likely than not to be sustained upon examination, including resolution of any appeals or litigation processes, based upon the technical merits of the position. Tax positions taken related to the Organization's tax exempt status for federal tax purposes have been reviewed, and management is of the opinion that material positions taken by the Organization would more likely than not be sustained by examination. Accordingly, the Organization has not recorded an income tax liability for uncertain tax benefits.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Functional Expenses

The expense information contained in the statements of activities reports certain categories of expenses that are attributable to program services or supporting functions of the Organization. The costs of providing program or other activities have been summarized on a functional basis in Note 12 of the financial statements. Accordingly, certain costs are allocated among program services and supporting services benefited. Such allocations are determined by management on an equitable basis.

The expenses that are allocated include the following:

Expense	Method of Allocation
Salaries and benefits	Time and effort
Communication Professional fees and contracts	FTE count FTE count
Supplies and printing Equipment rental	FTE count FTE count
Occupancy Depreciation	Square footage Square footage

Notes to Financial Statements

Concentration of Credit Risk

The Organization maintains its cash in bank deposit accounts, which, at times, may exceed Federal Reserve limits. Accounts are guaranteed by the Federal Deposit Insurance Corporation up to certain limits. The Organization has not experienced any losses in such accounts.

Long-Lived Assets

Long-lived assets held and used by the Organization are reviewed for impairment whenever events or changes in circumstances indicate that their net book value may not be recoverable. When such factors and circumstances exist, the Organization compares the projected undiscounted future cash flows associated with the related asset or group of assets over their estimated useful lives against their respective carrying amounts. Impairment, if any, is based on the excess of the carrying amount over the fair value of those assets and is recorded in the period in which the determination was made. No indicators of impairment existed at August 31, 2023 or 2022.

Recent Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, including subsequent related ASU amendments, that supersedes Accounting Standards Codification (ASC) 840 Leases and replaces it with ASC 842 Leases. The new standard increases transparency and comparability among organizations by requiring the recognition of right-of-use (ROU) assets and lease liabilities on the balance sheet. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. The Organization evaluated the impact of the implementation of this ASC on the financial statements and elected not to implement, as the impact was not deemed material to the statements of financial position, statements of activities, or statement of cash flows.

In September 2020, FASB issued ASU 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. The new standard increases transparency of contributed nonfinancial assets for not-for-profit entities through enhancements to presentation and disclosure. The Organization evaluated the impact on the implementation of this ASC on the financial statements and related disclosure and elected not to implement as contributed nonfinancial assets are not material to the financial statements as a whole. Contributed services and assets are discussed above in Note 2.

Subsequent Events

The Organization evaluated events that occurred, for recognition and disclosure, after August 31, 2023 through May 17, 2024, the date these financial statements were available to be issued.

Notes to Financial Statements

Note 3. Fair Value Measurements

The Organization has established a three-level valuation hierarchy for disclosure of fair value measurements, and expands disclosures about fair value measurements to include how fair value is determined for assets and liabilities. Fair value is defined as an exit price representing the amount that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants. An instrument's categorization within the hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The significant levels of inputs are as follows:

Level 1: Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities.

<u>Level 2:</u> Inputs that include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

<u>Level 3:</u> Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

During 2009, the Organization transferred endowment funds totaling \$157,306 to the Austin Community Foundation (ACF) to take advantage of ACF's investment expertise and to allow these funds to gain synergies with other funds held by ACF. ACF does not hold variance power over these endowed funds; therefore, the Organization can request distribution at any point in time. The Organization has classified these funds as permanently restricted and they are considered Level 2 investments. The amount available for distribution for each respective year is calculated as 8% of the fair market value of the fund as of January 31 (the valuation date), to be distributed on a quarterly basis. Any return on investment in excess of distribution amount is to be added to the original gift and is recorded as an increase in donor restricted net assets as temporarily restricted until those amounts are appropriated for expenditure by the Organization. There were no distributions from these endowment funds for the year ended August 31, 2023 or 2022.

During 2022, the Organization opened a Charles Schwab One account and entered into an agreement with Austin Asset to manage the transferred funds totaling \$500,000. The Organization has classified these funds as unrestricted, and they are considered a Level 1 investment. The amount available for distribution for each respective year is calculated as 5% of the average value in the 4 prior quarters in the first year, 8 prior quarters in the second year, 12 prior quarters in the third year, 16 prior quarters in the fourth year, and 20 prior quarters thereafter.

The table below summarizes the instruments recognized at fair value by level for the year ended August 31, 2023:

	2023								
	((Level 1)		(Level 2)		evel 3)		Total	
Mutual fund	\$	509,948	\$	-	\$	-	\$	509,948	
Beneficial interest held by others		-	352,209					352,209	
	\$	509,948	\$	352,209	\$		\$	862,157	

Notes to Financial Statements

The table below summarizes the instruments recognized at fair value by level for the year ended August 31, 2022:

	2022								
	(1	(Level 1)		(Level 2)		vel 3)		Total	
Mutual fund	\$	467,855	\$	-	\$	-	\$	467,855	
Beneficial interest held by others				331,452				331,452	
	\$	467,855	\$	331,452	\$		\$	799,307	

Note 4. Property and Equipment

Property and equipment as of August 31, 2023 and 2022 included:

	2023		2023		 2022
Land Construction in progress Buildings and improvements Furniture and equipment Vehicles	\$ 135,000 - 3,321,201 225,054 64,015		\$ 135,000 131,855 3,182,838 288,070 64,015		
		3,745,270	3,801,778		
Accumulated depreciation		(1,014,695)	 (975,938)		
Total property and equipment	\$	2,730,575	\$ 2,825,840		

Depreciation expense was \$118,163 and \$105,581 respectively for the years ended August 31, 2023 and 2022.

Certain prior year amounts have been reclassified within total property and equipment for consistency with the current year presentation. These reclassifications had no effect on the reported results of operations.

Note 5. Line of Credit

The Organization obtained a line of credit agreement with a financial institution with a \$600,000 limit that matures upon demand and bears interest at a variable interest rate, based upon the prime rate plus 4.416% through October 12, 2022 and 3.155% beginning October 13, 2022 and thereafter. No amounts were outstanding on the line of credit as of August 31, 2023 and 2022.

Notes to Financial Statements

Note 6. Net Assets with Donor Restrictions

Net Assets with Donor Restrictions consisted of the following at August 31, 2023 and 2022:

	2023			2022
Program use restrictions Endowment restrictions	\$	1,240,493 279,681	\$	1,733,626 263,199
Total net assets with donor restrictions	\$	1,520,174	\$	1,996,825

Net assets released from Net Assets with Donor Restrictions due to the satisfaction of requirements consisted of the following at August 31, 2023 and 2022:

	 2023	 2022
Program use restrictions	\$ 2,314,415	\$ 2,090,242

Note 7. Endowments

The Organization has interpreted Texas UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classified as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with a standard of prudence prescribed by Texas UPMIFA. Both the permanent and temporary restricted net assets are classified as Net Assets with Donor Restrictions on the face of the financial statements.

In accordance with Texas UPMIFA, the Organization considers the following factors in making a determination on the amount, if any, to be available for distribution from each endowment fund:

- The duration and preservation of the fund
- The purposes of the Organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Organization
- The investment policies of the Organization

The Organization's endowments consist of two funds established for the benefit of children in the Austin community.

Notes to Financial Statements

The Mary Sams Memorial Fund represents a gift of bonds given in perpetuity to the Organization that is classified as Net Assets with Donor Restrictions. This endowment requires the original endowment of \$157,306 to remain in perpetuity. The remaining portion of this donor-restricted endowment fund that is not classified as permanently restricted is classified as temporarily restricted until those amounts are appropriated for expenditure by the Organization. As discussed in Note 3, during 2009 the Organization transferred these endowed funds to ACF.

The second endowment fund was established by the Organization using its own unrestricted funds and is held at ACF as well. These funds, and any gains/losses in these funds, are recorded under Net Assets without Donor Restrictions.

Both of these endowment funds are recorded at fair value on the Statements of Financial Position as Beneficial Interests in Assets Held by Others.

The summary of changes in endowment assets for the years ended August 31, 2023 and 2022 is as follows:

	Net Assets without Donor Restrictions		Assets with Donor estrictions	Total		
Endowment assets as of August 31, 2021	\$	76,528	\$ 295,107	\$	371,635	
Investment earnings, net		(8,275)	 (31,908)		(40,183)	
Endowment assets as of August 31, 2022		68,253	263,199		331,452	
Investment earnings, net		4,275	16,482		20,757	
Endowment assets as of August 31, 2023	\$	72,528	\$ 279,681	\$	352,209	

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or Board of Directors requires the Organization to retain as a fund of perpetual duration. There were no funds with deficiencies as of August 31, 2023 and 2022.

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that produce a yield that preserves the endowment's purchasing power by meeting the Organization's Spending Policy, expenses and inflation over a long-time horizon, while assuming a moderate level of investment risk. Actual returns in any given year may vary from this amount.

Notes to Financial Statements

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Mary Sams Memorial Fund endowment requires the original endowment of \$157,306 to remain in perpetuity, with 8% of the fair market value of the fund as of January 31 each year (the valuation date) to be available for distribution on a quarterly basis. Any return on investment in excess of distribution amount is to be added to the original gift and is recorded as an increase in donor restricted net assets as temporarily restricted until those amounts are appropriated for expenditure by the Organization. There were no distributions from this endowment for the years ended August 31, 2023 or 2022.

The second endowment fund that was established by the Organization using its own unrestricted funds had no distributions as well for the years ended August 31, 2023 or 2022. This fund was established to provide general support for the Organization and distributions of the spendable amount of the endowment fund are at the request of the Organization in agreeance with Austin Community Foundation's (ACF's) Endowment Fund policies.

Note 8. Retirement Plan

The Organization offers a 403(b)-retirement plan. All employees are eligible to participate on their first day of employment. The Organization will match 50% of an employee's contributions up to 4% of their salary deferral after an employee has been employed for one year. Any employee contributions made toward the retirement plan are 100% vested. Participating employees vest employer contributions at 25% per year of service, reaching 100% after four years. Employer retirement match expense for the years ended August 31, 2023 and 2022 was approximately \$104,241 and \$94,228 respectively.

Note 9. Commitments and Contingencies

Leases

The Organization has various equipment leases for copiers as well as a facility lease. Lease expense was approximately \$47,834 and \$45,436 for the years ended August 31, 2023 and 2022, respectively.

Minimum future lease payments as of August 31, 2023 are as follows:

Year Ending August 31,	
2024	\$ 21,656
2025	10,456
2026	9,573
2027	9,573
2028	 9,573
Total	\$ 60,831

Notes to Financial Statements

Contracts with Grantors

The Organization is funded by contracts that are subject to review and audit by grantor agencies. These contracts have certain compliance requirements and if audits by the grantor agencies disclose any areas of substantial noncompliance, the Organization may be required to refund any disallowed costs. Management believes the Organization has complied with applicable requirements.

Contingencies

The Organization from time to time may be involved in contingencies relating to claims arising out of its ordinary course of business. Management believes that there are no claims or actions pending or threatened against the Organization, the ultimate disposition of which would have a material impact on the Organization's financial position, results of operations, or cash flows.

Note 10. Concentrations

During the years ended August 31, 2023 and 2022, the Organization received approximately 63% and 59%, respectively, of total revenue from grant contracts funded through federal, state, and local governments. It is reasonably possible that at some time these contracts could cease, or funding could be reduced, which would have a severe impact on the Organization. However, the Organization does not expect these contracts will be lost in the near future. The Organization also relies on private contributions to provide matches towards grants and also to provide supplemental funds for programs and other expenses not funded by federal, state, or local awards.

Note 11. Special Events

Special events revenue, net of expenses, for the years ended August 31, 2023 and 2022 consisted of the following:

	 2023	2022		
Harvest Classic One Stellar Night Other	\$ 100,020 165,444 79,531	\$ 25,000 130,122 35,000		
Total	\$ 344,995	\$ 190,122		

Notes to Financial Statements

Note 12. Functional Classification of Expenses

Functional expenses for the year ended August 31, 2023 are as follows:

Notes to Financial Statements

Note 13. Liquidity and Availability of Financial Assets

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. The Organization has various sources of liquidity at its disposal, including cash, cash equivalents and line of credit. See Note 5 for information about the Organization's line of credit.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities and the conduct of services undertaken to support those activities to be general expenditures.

The Organization anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources or its financial assets. Refer to the statement of cash flows which identifies the sources and uses of the Organization's cash.

As of August 31, 2023, the following financial assets could readily be made available within one year of the balance sheet date to meet general expenditures:

Cash and cash equivalents	\$	3,284,942

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Directors Any Baby Can of Austin, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Any Baby Can of Austin, Inc. (the Organization), which comprise the statement of financial position as of August 31, 2023, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 17, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The Board of Directors of Any Baby Can of Austin, Inc.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Weaver and Tiduell, L.L.P.

WEAVER AND TIDWELL, L.L.P.

Austin, Texas May 17, 2024

Independent Auditor's Report on Compliance for Each Major Federal and State Program and Report on Internal Control Over Compliance In Accordance Uniform Guidance and the State of Texas Grant Management Standards

To the Board of Directors

Any Baby Can of Austin, Inc.

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited the compliance of Any Baby Can of Austin, Inc (the Organization) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement and the State of Texas Grant Management Standards (TXGMS) that could have a direct and material effect on each of the Organization's major federal and state programs for the year ended August 31, 2023. The Organization's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Organization complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2023.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and TXGMS. Our responsibilities under those standards, Uniform Guidance and TXGMS are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Organization's federal and state programs.

The Board of Directors of Any Baby Can of Austin, Inc.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, Uniform Guidance and TXGMS will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, Uniform Guidance and TXGMS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding the Organization's compliance with the compliance requirements
 referred to above and performing such other procedures as we considered necessary in the
 circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with Uniform Guidance and TXGMS, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

The Board of Directors of Any Baby Can of Austin, Inc.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance and TXGMS. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal and State Awards

Note 1. Summary of Significant Accounting Policies

Reporting Entity

The schedule of expenditures of federal and state awards (the Schedule) includes the activity of all the federal and state grant programs administered by Any Baby Can of Austin, Inc. (the Organization). The Schedule presents total federal and state awards expended for each individual program.

Basis of Accounting

The expenditures for each of the federal and state financial assistance programs are presented on the accrual basis of accounting, consistent with the Organization's basic financial statements. The amounts reported in the financial statements agree with the amounts reported in the schedule as follows:

Total federal and state award expenditures per schedule	\$	6,799,477
Plus local funding sources		2,234,993
Total government grants per statement of activities	•	9.034.470
rolal government grants per statement of activities	_Ψ	7,034,470

Local Funds

In accordance with the terms of the Early Childhood Intervention Program, the Organization provided sources of funds other than federal and state to support the program totaling \$3,203,345 for the year ended August 31, 2023.

Insurance Coverage

Any Baby Can of Austin, Inc. carried insurance coverage of \$2,000,000 per incident for employee theft and \$500,000 for forgery and alteration during the grant period.

Indirect Cost Rate

The Organization has elected not to use the 10% de minimis indirect cost rate allowed under Uniform Guidance.

Schedule of Findings and Questioned Costs Year Ended August 31, 2023

Section 1. Summary of Auditors' Results

Auditee qualifed as low-risk auditee:

Financial Statements				
Type of auditors' report issued:			Unmodi	fied
Internal control over financial reporting:				
Material weakness identified?				No
Significant deficiency(ies) identified that are not considered to be material weaknesses?		N	one repor	rted
Noncompliance material to financial statements noted?				No
Federal Awards				
Internal control over compliance:				
Material weakness identified?				No
Significant deficiency(ies) identified that are not considered to be material weaknesses?		N	one repor	rted
Type of auditors' report issued on compliance for major programs:			Unmodi	fied
Any audit findings disclosed that are required to be reported in accordance with Section 200.516(a) of Uniform Guidance?				No
Identification of major federal program:				
Federal Assistance Listing Number	Name of Federal Program or Cluster			
84.181	Early Childhood Intervention Program - Special Education Grants for Infants and Families			
Dollar threshold used to distinguish programs:		\$	750,0	000
Auditee qualifed as low-risk auditee:				Yes
State Awards				
Internal control over major state programs:				
Material weakness identified?				No
Significant deficiency(ies) identified that are not considered to be material weaknesses?		N	one repor	rted
Type of auditors' report issued on compliance for major programs			Unmodi	fied
Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of the State of Texas Single Audit Circular?				No
Identification of major state program:				
<u>Grant Number</u>	Name of Federal Program or Cluster			
HHS00640200024	Early Childhood Intervention Program - Early Childhood Intervention and Respite Services			

Yes
